

## AURA SMART LOCK FACT SHEET

*Aura Smart Lock in Satin Nickel, exterior.*

*Aura Smart Lock in Venetian Bronze, exterior.*

*Aura Smart Lock in Iron Black, exterior.*

## PRODUCT OVERVIEW

Aura™ Smart Lock, from Kwikset®, is a Bluetooth-enabled deadbolt that provides an affordable entry point for those looking to upgrade to a smart lock. The smart lock can be controlled through the Kwikset mobile app, when a paired mobile device is within Bluetooth range, for convenient lock programming, management and control.

## REPUTABLE PRODUCT FEATURES

**Easy In-App Management:** Aura Smart lock offers simplified, convenient access control and management directly through the Kwikset mobile app, when a paired smartphone is within Bluetooth range. The Kwikset mobile app is available for free via compatible smartphone app marketplaces, such as the Apple App Store or Google Play Store.

In-app control capabilities within Bluetooth range of Aura include:

- Deadbolt unlocking and locking
- Viewing lock history
- Managing keyless access control with up to 250 user codes
- Managing lock settings

The Kwikset app also enables homeowners to manage multiple Kwikset smart locks installed in the same home.

**Simplified Installation:** Aura is designed for installation on standard size residential exterior doors and can be quickly installed in minutes.

**One Touch Locking Button:** Features a dedicated button to easily lock one's door.

**Compact Design:** Aura Smart Lock is a functional and discreet addition for those looking for an upgrade. Available in three finishes, Satin Nickel, Venetian Bronze and Iron Black, Aura adds style to any entryway.

**Traditional Keyway:** Aura offers the peace of mind of always having the option to use a traditional key if ever needed.

## **BRAND-BACKED SECURITY**

**Advanced SmartKey Security™:** Aura features the latest version of Kwikset's patented SmartKey Security. Advanced SmartKey Security provides strong resistance against common break-in methods like torque attacks, lock picking and lock bumping. SmartKey Security also allows homeowners to reset their security by re-keying their locks quickly and easily; rendering lost, loaned or unreturned keys useless.

**BHMA Certified to Grade AAA:** Aura Smart Lock meets the highest certified grade performance standards for builder's hardware as certified by the Builders Hardware Manufacturers Association (BHMA), the only organization accredited by the American National Standards Institute (ANSI). These standards ensure the quality and durability of locksets through a series of operational and security tests.

## **DEVICE COMPATIBILITY**

**Compatible Smartphones:** The Kwikset mobile app is compatible with newer iOS and Android smartphones using Bluetooth 4.2 technology.

## **WHERE TO BUY**

Aura is available for purchase for \$149 MSRP at The Home Depot, Lowe's, Amazon.com and Build.com.
