

Kwikset

UNITE

Experience convenience, connectivity and seamless access control with the Kwikset UNITE™ EAC Platform. Electronic locks, cloud-based web and mobile software, smart credentials and smart reader controllers work together to deliver a simple yet comprehensive solution for managing your multifamily property.

Kwikset UNITE™ Software

The Kwikset UNITE™ software and web-enabled platform™ provides convenient and efficient access control for your multifamily property.

The Kwikset UNITE™ software platform is an intuitive cloud-based web and mobile solution. Property managers can use the desktop dashboard for quick and easy access control or the mobile app for on-the-go management. Tenants can also enjoy simple and secure access to their homes through the mobile app. With Kwikset UNITE™ software, you're in control of your property.
